

# New Products 2023

# » The Challenges

**With everything that has been going on at home and around the world, the last year has absolutely flown by. Faced with the challenges of uncertainty and the inevitable volatility created by the recent restrictions, the team have bounced back with vigour and enthusiasm.**

**Since the launch of our 44-page New Product Catalogue last summer, we have developed a raft of new products which we really hope you will like.**

**This 16-page 2023 NEW Product Update is packed full of some novel new concepts together with some cost-saving solutions to ease the pressure on ever tightening budgets and increasing material costs.**

**We are 100% committed to sustainability. It has always been our policy, but we would like to remind you that we are happy to take back any disused Fahr HDPE panels. We will ensure they are processed and recycled, which could be used to create new sheets or products that will benefit future generations.**

**Passion  
for play**
